Autumn Toney

Data Research Analyst

Autumn Toney is a Data Research Analyst at Georgetown's Center for Security and Emerging Technology (CSET). Previously, she worked at the Naval Research Laboratory in computer security, focusing on anomaly detection. She is currently completing her Ph.D. in Computer Science at the George Washington University, where her research focuses on bias in machine learning. She earned a B.A. in Mathematics with a minor in history from the University of Florida and a Master of Science in Data Science from the George Washington University.
